---	---	--

Guidelines: Students will be made aware of the existence, location and services available through the Student Health Center.

Specifics:

1. Graduate and Undergraduate University Catalogs will contain a description of the NU Health Services
2. The Student Handbook will contain a description of the NU Health Services
3. Incoming students and participating parents will receive information regarding available health services during CARE and orientation programs. Information will be via presentation, pamphlet, brochures, and other forms as necessary.
4. The NU Student Health Center web page will contain a description of services and location.
5. Information regarding services will be available in residence halls, and in critical campus locations such as: VP for Student Life office, MISA office, Counseling Center, Dean for Student Affairs office, and Human Resources.
6. A brief description will appear in materials available to faculty advisors.
