

Financial Aid  
Office

# NIAGARA UNIVERSITY

## FINANCIAL AID/STUDY ABROAD STATEMENT OF POLICY \*

1. Students must apply for financial aid by completing the appropriate financial aid application forms in a timely fashion.
2. There are two types of Study Abroad Programs with which financial aid may be concerned:
  - a. **"Niagara University affiliated program"**: (at present Angers & Lille, France; Seville, Spain; London, England; Engelberg, Switzerland; Tullamore, Ireland; Monterrey, Mexico and Santiago, Chile), for which NU credit is given.

Students enrolled in a Niagara University-affiliated program may be eligible for institutional, federal and NY State aid.

- b. **Other programs, which are approved for transfer credit.**

Students enrolled in these programs are **NOT** eligible for institutional aid, but may be eligible for federal and NY State aid.

3. **Students who receive Niagara University scholarships, grants or tuition remissions will have their institutional aid eligibility limited to the difference between Niagara University charges and the direct cash payment by Niagara University to the study abroad program.**
4. Students who are recipients of Niagara University Athletic Scholarships must first obtain approval from the Athletic Director to avoid conflicts between athletic scholarship obligations and the semester abroad.
- Reference to this policy statement is made on pages 27 & 168 of the Niagara University Undergraduate Catalogue.
