| <b>Course Withdrawal Policy for Programs with Accelerated Schedules</b>           |  |                  |

**PURPOSE:**

Certain deadlines and processes established for traditional courses must be adjusted for accelerated programs in order that students in accelerated programs not be unduly penalized or billed because of the accelerated timeline.

**SCOPE:**

Accelerated programs.

**MAIN PROVISIONS AND PROCEDURES:**

If a student in an accelerated program or other unique-schedule coursework (MBA, Nursing, etc.) is enrolled in a course that is dependent upon the successful completion of a course immediately preceding it, whereas grading and progression evaluation may not be complete prior to the second course, students may begin the second course. If, after an evaluation of the grades and progression of the first course indicates that a student may not progress or continue, upon notice from the college, the Registrar will withdraw the student from that course and will erase the course from the student's transcript. No tuition charges, nor "W" notation, will be applied for the second course.

**POLICY HISTORY LOG:**

Origination Date: October 20, 2023

Current Effective Date: October 20, 2023

Revision/Renewal Log:

- *Originated* – October 20, 2023
